**Universal Multiple—Octet Coded Character Set**  
**(UCS)**

**ISO/IEC JTC1/SC2/WG2 N 966**  
**DATE 1994. 01**

**Title: Proposal for encoding Dehong Dai script on**  
**BMP of ISO/IEC 10646**

**Source: CHINA**

**Status: National Body Position**

**Action: Consideration by WG2**

**1. The proposed script category**

**In according with categories adopted in WG2 N946, we suggest that Dehong Dai Script be included in category A.**

**2. The synopsis of Dehong Dai Script and the justification of having Dehong Dai Script in the category A:**

**(1) Dehong Dai Script, Tai Script and Dehong Dai Script are defferent.**

**(2) The name of Dehong Dai Script is LAAI DAI(Latin).**

**(3) There are 59 characters in Dehong Dai Script. Its covering rate is 100% to the Dehong Dai Script.**

**(4) There are about 427,530 people who use Dehong Dai Script in China.**

- (5) The present Dehong Script began to develop in 1954, which is based on the Old Dehong Dai Script.
- (6) Dehong Dai Script is used in Dai and The Jingpo A. P. , Yunnan, China, as well as the Baoshan, Tengchong, Changning, Menglian, Shuangjiang, Gengma, Zhenkang, Jinggu, Lancang, CangYuan Counties, etc.
- (7) There are 6 publishing houses for the Dehong Dai Script in China. There are more than 80 kinds of books and textbooks, and the publishing amount of them is over 45,000 copies every year, 15,530 works are translated from other scripts. And the works of other scripts which are translated from the Dehong Dai script, only in Chinese, are over 288,000. The total publishing amount of newspapers and magazines are more than 10,000. The Dehong Dai Script is used the broadcasting radio, education, television, movies, performance and operas. Both the Dehong Dai Script and Chinese Script are generally used for performance of government duties in the prefecture, in documents of the local People's Congress, on notice boards of organization, units and shops, on notice for slogans and for trade marks.
- (8) Institute of Nationality Studies of Chinese Academy of Social Sciences has developed compatible editorial system for Chinese, Latin and many national scripts, which include Dehong Dai Script.

To sum up, Dehong Dai Script is a current practical script. Since there are much population in wide region who use the Dai script, it should be included in category A and encoded on BMP.
